The Year in Retrospect

In the 2025 reporting year, the Foundation Board approved funding for sixty-three projects from fourteen different countries. They are all listed on the following pages, divided into the three grant areas of Visual Art, Music, and Cultural Education.

As always, we would like to thank all our funding partners for their commitment, their passion for art and culture, and for the enjoyable and enriching collaboration.

We would also like to thank our longstanding colleague Claudia Berger for her invaluable support. After almost ten years, she left the Art Mentor Foundation Lucerne at the end of 2025 to pursue a new challenge.

Foundation Purpose and Grant Areas

As a non-profit foundation, Art Mentor Foundation Lucerne endeavors to promote the general interest and understanding of art. For this purpose, the concept of art is taken here in the widest sense possible so as to include diverse genres and various modes of expression. The Foundation focuses on three grant areas: Visual Art, Music, and Cultural Education.

Visual Art

Art Mentor Foundation Lucerne's concept of *Visual Art* encompasses not only the classical genres of art such as painting, sculpture, graphic art, drawing, and photography, but also new forms of expression and media such as performance, experimental film, and video. The Foundation makes funds available for regular and special exhibitions as well as their accompanying catalogs at publicly accessible, well established museums and art collections provided that the exhibitions funded are international in their orientation, relevant from an art historical perspective, and carefully curated. Furthermore, Art Mentor Foundation Lucerne supports innovative and interactive projects that explore new approaches to fostering art education so as to attract new audiences. Funding is also granted for the involvement of modern media in the expansion or presentation of significant pieces of art in the context of major museum projects.

Music

In the field of *Music*, Art Mentor Foundation Lucerne seeks to contribute to the development of a vital culture of excellence in classical music and to help attract new audiences to the field. To achieve these objectives, the Foundation sponsors international academies and masterclasses conducted by established instructors.

In addition, Art Mentor Foundation Lucerne supports outstanding event series or festivals with visionary programming and innovative modes of outreach and communication to foster the public's engagement with classical music. In general, the Foundation focuses on the promotion of New Music and contemporary music, although projects on music from other eras are by no means excluded.

Cultural Education

In the area of *Cultural Education*, Art Mentor Foundation Lucerne supports projects that bear a significant relation to visual art or music. The target group includes children and teenagers, particularly from underprivileged backgrounds, who are introduced to art and music in the context of curricular or extracurricular activities.

In this way, Art Mentor Foundation Lucerne offers support to teenagers in their personal development and, at the same time, trains the next generation of artists as well as future audiences. A project request can only be submitted provided that the programs are developed, conducted, and realized by a professional artist or a recognized public institution. Furthermore, the projects should have a long-term horizon and be accessible to as wide a group of participants as possible. Art Mentor Foundation Lucerne funds both expansion and continuation of ongoing projects as well as the launch of exemplary pilot projects. In addition, Art Mentor Foundation Lucerne supports institutions in the publication of artistic and scholarly book projects as well as exhibition catalogs.
